

Amazon Steel Construction is a fast-paced, full service Precision Metalforming and Fabrication Company. Our diverse experience in the Shipbuilding, Energy, Security, Agriculture, and Construction markets gives us the skills necessary to get your project completed on time and on budget.

Many of our customers turn to us when time is of the essence and deadlines must be met. We understand that in many cases, our work is just a small part of a much larger project. We strive to meet or exceed your delivery expectations to help you keep your project on schedule.

Whether your project is large or small, a one piece prototype or a long production run, we have what it takes to get it done.

Send us your drawings, whether they are simple napkin sketches or complex CAD drawings, and we'll make your project a reality. You can send your drawings to [estimating@amazonsteelconstruction.com](mailto:estimating@amazonsteelconstruction.com), call us at (302) 751-1146, or come visit us at 2537 Bay Road, Milford, DE 19963.

## Drafting & Design

*AutoCAD, SolidWorks, and SigmaNest*

## Shearing

*5/8" x 144" Capacity w/ CNC Back Gauge*

## Band Sawing

*18" Round & 18" x 27" Rectangular Capacity*

## CNC HD Plasma
